

Outcomes

Thrive Outdoors Strategy 2021 - 2025

Outputs and actions

How we will do this

Foundations

- Improved the life chances of children, young people and families
- Strong, resilient and ambitious practitioners and organisations
- Increased investment and impact
- A viable and sustainable Thrive Outdoors infrastructure

- Strengthen and develop our programme offers
- Remain a leader across the outdoor play and learning sector
- Leverage a range of funding and support
- Improve and support Thrive Outdoors

Connecting people, communities and key stakeholders to create opportunities for generating and sharing knowledge and evidence-based research which develop sustainable solutions and resilient communities to enable childhoods connected to place and planet.

Enabling and expanding our relationship with stakeholders we will invest in environmentally and socially responsible solutions to pioneer new approaches for childhood well-being which will support families and communities with the confidence and skills to play and learn outdoors as well as providing strategic and practical support, training and resources for the sectors workforce.

Influencing society, third, public and private sectors to develop collaborative partnerships and shared innovative solutions to embed long lasting change.

Our Strategic Themes:

- Thriving childhoods
- Outdoor learning and active play education
- Environmental leadership
- Connected communities

Our Values:

- Bold
- Compassionate
- Knowledgeable
- Effective
